

## BBC world news: summarising

Listen to the World Service news summary from the BBC's news web-site. Your teacher will give you the relevant addresses.

Use the table below to make notes on today's stories. (There may not be as many as eight.) Use the first column to record the main subject of each story; the second column to give a summary of the main points and the last column to record any new vocabulary or any words / phrases you wish to ask your teacher about.

Listen as many times as you want but remember that the target is not to understand every single word but rather to be able to summarise the content.

<b>Headline</b>	<b>Main details of story</b>	<b>Vocabulary</b>
