

Teacher's Internet checklist

Do I have a clear activity in mind?

Does the learner understand the activity and its purpose?

Have I selected the web-sites I want to use?

Do I know the addresses of these web-sites?

Have I visited them beforehand to see whether they are 'live'?

Does the computer I intend to use have the necessary hardware, e.g. speakers, and plug-ins, e.g. a media player?

Does the printer work and have sufficient paper?

Do I have a back up lesson plan in case the web-site I want to access will not load or there is some sort of equipment failure?
